The Washington Hunter-Jumper Foundation is a public 501c3 charity that is dedicated to expanding and improving the hunter-jumper equestrian disciplines within the State of Washington. Our objective is to increase public interest and participation in the sport by promoting educational events (horse shows/clinics) and providing scholarships and achievement opportunities to state residents. 100% of the donations we receive are used for charitable purposes and we are approved for Microsoft Matching Grants. www.whjf.org
